NOTE	137p.
AVAILABLE FROM	Center of Alcohol Studies, Smithers Hall-Busch Campus, Rutgers University, Piscataway NJ 08855-0969.
PUB TYPE	Reference Materials - Directories/Catalogs (132)
EDRS PRICE	MF01 Plus Postage. PC Not Available from EDRS.
DESCRIPTORS	*Adolescents; *Alcohol Abuse; *Clinics; *Drug Abuse; *Drug Rehabilitation; Elementary Secondary Education; Group Homes; Rehabilitation Centers; Rehabilitation Programs; Residential Institutions
IDENTIFIERS	*New Jersey

ABSTRACT

This guide was developed to assist treatment providers and school personnel to identify New Jersey drug and alcohol treatment programs providing services to adolescents. Geographical areas served, days and hours of operation, admission requirements, services available for adolescents, payment information, and the name of a contact person are presented for each facility. Information concerning whether facilities are accessible via public transportation and accessible to the disabled is also provided. A description of all services offered by individual programs is provided, when available, as additional information. Entries are arranged alphabetically by county and then by program name. In addition to the general listing of all adolescent programs, there are separate listings for residential programs and halfway houses. Approximately 122 individual facilities are listed. Includes an index of programs. (MSF)

INTRODUCTION

The New Jersey Alcohol/Drug Resource Center and Clearinghouse was developed through the cooperative efforts of the Center of Alcohol Studies at Rutgers University and the New Jersey Department of Education. Our mission is to provide education and training, information services, and resource materials to educational institutions and other targeted programs, agencies, and community groups in the state. The *Resource Guide to New Jersey Adolescent Substance Abuse Treatment Services* was developed to assist treatment providers and school personnel to identify drug and alcohol treatment progams in the State of New Jersey that provide services for adolescents.

Information included in this directory was gathered using a written questionnaire. Geographical areas served, days and hours of operation, admission requirements, services available for adolescents, payment information, and the name of a contact person are presented for each facility. If a facility is accessible via public transportation and/or is accessible to the disabled, this information is provided. The questionnaire also requested a description of all services offered by the program. If this was provided, it is included under the heading "Additional Information."

All entries are arranged alphabetically by county and then by name of the program. In addition to the general listing of all adolescent programs, there are separate listings for residential programs and halfway houses. The descriptive information for all programs is found in the section entitled "Individual Facilities Information Listed by County."

The Clearinghouse has made every effort to obtain accurate information and to include all treatment facilities in the state that provide services specifically for adolescents. **Inclusion of information about facilities does not constitute program endorsement nor does omission of a facility indicate disapproval.**

Glossary of Terms

Aftercare – facility which offers follow-up treatment to former residential care patients on a continuing basis after in-patient treatment.

Community education/advocacy group – community groups organized to create awareness, advocate legislation, and offer educational programs.

Detoxification – unit designed to remove chemicals from individuals who are actively using alcohol or other drugs; medical supervision is often required in this withdrawal process.

Diagnostic service – assessment and evaluation of client's condition, problems, needs, and recommendation for a course of treatment.

Halfway house – residential program designed to prepare clients to live outside a treatment setting.

Outpatient center – treatment program where clients do not reside at facility during the course of treatment.

Referral service – agency or directory which guides client to a program that can best meet the client's needs.

Residential center– facility which treats clients on a long term basis; clients reside there during the course of treatment.

Self-help / support group – a group of individuals with a similar problem who meet to support each other in their attempts to deal with the problem i.e. Alcoholics Anonymous (AA) and Narcotics Anonymous (NA).
